FOREWORD

This manual supersedes OCHAMPUS Manual 6010.50-M, "Automated Data Processing and Reporting Manual, July 27, 1992." It re-issues the procedural and operating instructions for maintenance and reporting requirements aligned with Health Care Service Records, Health Care Pricing Records, Eligibility Verification, and CRC Reporting Specifications.

This manual is designed for use by Managed Care Support contractors and those health care services contractors that are contractually required to follow the provisions specified in this manual in processing medical claims and the associated records and reporting requirements.

Comments regarding this manual should be sent to:
