

IV. PROVIDER AUTHORIZATIONS/CERTIFICATIONS

The contractor shall accurately certify all providers of care (except for those categories of providers over which *TMA* has retained certification authority) using a single, centralized certification process and in accordance with the requirements of the [32 CFR 199.6](#); [OPM Part Two, Chapter 2](#); and Policy Manual, [Chapter 10](#). Services delivered by any provider must be within the scope of the license or other legal authorization. The contractor shall maintain a current computer file of all authorized providers, including those certified by the *NQMC*, with at least the data required by ADP Manual, [Chapter 2](#). The certification of each provider shall be supported by a documented and readily accessible hardcopy or microcopy file supporting the findings regarding each provider's qualifications.
