

CHAPTER 7
SECTION 3.11

PERCUSSORS

Issue Date: September 12, 1986

Authority: [32 CFR 199.4\(d\)\(3\)\(ii\)](#)

I. PROCEDURE CODE

HCPCS Level II Code E0480

II. POLICY

The use of electrical percussors in the home is authorized for treatment of patients with chronic obstructive lung disease, chronic bronchitis, or emphysema, when the patient or the operator of powered percussor has received appropriate training by a physician or therapist, and no one competent to administer manual therapy is available.
