MANAGEMENT ACTIVITY

OD

CHANGE 46
6010.56-M
MAY 6, 2011

**PUBLICATIONS SYSTEM CHANGE TRANSMITTAL
FOR
TRICARE OPERATIONS MANUAL (TOM), FEBRUARY 2008**

The TRICARE Management Activity has authorized the following addition(s)/revision(s).

CHANGE TITLE: UPDATES FOR ACCESS TO CARE AND PRIME SERVICE AREAS (PSAs)
POLICY

CONREQ: 14767

PAGE CHANGE(S): See page 2.

SUMMARY OF CHANGE(S): This change incorporates Policy Guidance for HA 06-007 regarding access and access waivers for beneficiaries who are enrolled (or desiring enrollment) to Military Treatment Facilities (MTFs).

EFFECTIVE AND IMPLEMENTATION DATE: Upon direction of the Contracting Officer.

Reta M. Michak
Director, Operations Division

ATTACHMENT(S): 21 PAGES
DISTRIBUTION: 6010.56-M

CHANGE 46
6010.56-M
MAY 6, 2011

REMOVE PAGE(S)

CHAPTER 6

Section 1, pages 5 through 14

APPENDIX A

pages 23 through 30

INSERT PAGE(S)

Section 1, pages 5 through 18

pages 23 through 30

will be on the first day of the second month after the month in which the contractor received the application. (This recurring principle is referred to as the 20th of the month rule.)

3.1.3 Enrollees who transfer enrollment continue with the same enrollment period. The enrollment transfer, however, is effective the date the gaining contractor receives a signed enrollment application or transfer application. See TPM, [Chapter 10, Sections 2.1 and 5.1](#) for information on [Transitional Assistance Management Program \(TAMP\)](#) and other changes in status.

3.2 Enrollment Expiration

3.2.1 NLT 30 calendar days before the expiration date of an enrollment, the contractor shall send the appropriate individual (sponsor, custodial parent, retiree, retiree family member, survivor or eligible former spouse, etc.) a written notification of the pending expiration and renewal of the TRICARE Prime enrollment and a bill for the enrollment fee, if applicable (since ADSMs must be enrolled but their family members need not be, there is no action required if an ADSM does not have enrolled family members). The bill shall offer all available payment options and methods. The contractor shall issue a delinquency notice to the appropriate individual 15 calendar days after the expiration date of the enrollment.

3.2.2 The contractor shall automatically renew enrollments, including those for ADSMs, upon expiration unless the enrollee declines renewal, is no longer eligible for Prime enrollment, or fails to pay any required enrollment fee on a timely basis, including a 30 calendar day grace period beginning the first day following the last day of the enrollment period.

3.2.3 If the enrollee requests disenrollment during this grace period, the contractor shall disenroll the beneficiary effective retroactive to the enrollment period expiration date.

3.2.4 If an enrollee does not respond to the re-enrollment notification and fails to make an enrollment fee payment by the end of the grace period, the contractor is to assume that the enrollee has declined re-enrollment. The contractor shall disenroll the beneficiary retroactive to the enrollment expiration date.

3.2.5 ADSMs may not decline reenrollment nor may they request disenrollment.

3.2.6 DMDC sends written notification to the beneficiary of the disenrollment and the reason for the disenrollment within five business days of the disenrollment transaction.

3.3 Disenrollment

3.3.1 The contractor shall automatically disenroll beneficiaries when the appropriate enrollment fee payment is not received by the 30th calendar day following the enrollment period expiration date or the due date for the installment payment. The contractor shall set the disenrollment effective date retroactive to the annual renewal date or the payment due date, whichever applies.

3.3.2 Prior to processing a disenrollment for "non-payment of fees," the MCSC or Uniformed Services Family Health Plan (USFHP) provider must reconcile their fee payment system against the fee totals in DEERS. Once the contractor confirms that the payment amounts match, the disenrollment may be entered in DOES.

3.3.3 The disenrolled beneficiary will be responsible for the deductible and cost-shares applicable under TRICARE Extra or Standard for any health care received during the 30 day grace period. In addition, the beneficiary shall be responsible for the cost of any services received during the 30 day grace period that may have been covered under TRICARE Prime but are not a benefit under TRICARE Extra or Standard, e.g., preventive care.

3.3.4 The contractor may suspend claims processing during the grace period to avoid the need to recoup overpayments.

3.3.5 See the TPM, [Chapter 10, Sections 2.1](#) and [3.1](#) for additional information on disenrollment.

3.4 Enrollment Lockout

3.4.1 The contractor shall “lockout” or deny re-enrollment for a period of 12 months from the effective date of disenrollment for the following beneficiaries:

- Retirees and/or their family members who voluntarily disenroll prior to their annual enrollment renewal date;
- ADFMs (E-5 and above) who change their enrollment status (i.e., from enrolled to disenrolled or vice versa) more than twice in an enrollment year (October 1 to September 30) for any reason (refer to this chapter and TPM, [Chapter 10, Section 2.1](#) and [3.1](#); and
- Any beneficiary disenrolled for failure to pay required enrollment fees during a period of enrollment.

Note: The 12 month lockout provision does not apply to ADFMs whose sponsor’s pay grade is E-1 through E-4.

3.4.2 Beneficiaries who decline re-enrollment during their annual renewal period are not subject to the 12 month enrollment lockout. At the end of an annual enrollment period, if the beneficiary declines to continue their enrollment and subsequently requests re-enrollment, a new enrollment form is required and the contractor shall process the request as a “new” enrollment. (If an enrollee did not respond to a re-enrollment notification and failed to make an enrollment fee payment by the end of the grace period, the contractor is to assume that the enrollee declined re-enrollment.)

3.4.3 The contractor shall not grant waivers to the 12 month lockout provision. TRICARE Regional Office (TRO) Directors may grant waivers to the lockout provisions in extraordinary circumstances.

4.0 ENROLLMENT FEES

4.1 General

The contractor shall collect enrollment fee payments from TRICARE Prime enrollees as appropriate and shall report those fees, including any overpayments that are not refunded to the

enrollee, to DEERS. (See the TSM, [Chapter 3](#).) The Prime enrollee may select one of the following three payment fee options on the Prime Enrollment Application Form. In the event that there are insufficient funds to process a premium payment, the contractor may assess the account holder a fee of up to 20 U.S. dollars (\$20.00).

4.1.1 Annual Payment Fee Option

An annual installment is collected in one lump sum. For initial enrollments, the contractor shall prorate the fee from the enrollment date to September 30. The contractor shall accept payment of the annual enrollment fee by credit card (e.g., Visa/MasterCard).

4.1.2 Quarterly Payment Fee Option

Quarterly installments are equal to one-fourth (1/4) of the total annual fee amount. For initial enrollments, the contractor shall prorate the quarterly fee to cover the period until the next fiscal year quarter. (Fiscal quarters begin on January 1, April 1, July 1, and October 1.) The contractor shall collect quarterly fees thereafter. The contractor shall accept payment of the quarterly enrollment fee by credit card (e.g., Visa/MasterCard).

4.1.3 Monthly Payment Fee Option

Monthly installments are equal to one-twelfth (1/12) of the total annual fee amount. Monthly enrollment fees must be paid through an allotment from retirement pay or through Electronic Funds Transfer (EFTs) from the enrollee's designated financial institution.

4.1.3.1 Enrollees who elect the monthly fee payment option must pay the first quarterly installment (i.e., the first three months) at the time the enrollment application is submitted to allow time for the allotment or EFT to be established. The contractor shall accept payment of the first quarterly installment by personal check, cashier's check, traveler's check, money order, or credit card (e.g., Visa/MasterCard).

4.1.3.2 The contractor shall be responsible for verifying the information necessary to initiate monthly allotments and EFTs.

4.1.3.3 The contractor shall direct bill the beneficiary only when a problem occurs in initially setting up the allotment or EFT.

4.2 Member Category

The sponsor's member category on the effective date of the initial enrollment, as displayed in DOES, shall determine the requirement for an enrollment fee.

4.3 Unremarried Former Spouses (URFSs) and Children Residing with Them

4.3.1 URFSs became sponsors in their own right as of October 1, 2003. As such, they are enrolled under their own SSNs and pay an individual enrollment fee. URFS may not "sponsor" other family members and their fees may not be factored into any family fees associated with the former spouse/sponsor.

4.3.2 Children residing with the URFS and whose eligibility for benefits is based on the ex-spouse/former sponsor are identified under the ex-spouse/former sponsor's SSN on DEERS. Likewise, they are enrolled under the ex-spouse/former sponsor and fees for these children shall be combined with other fees paid under the ex-spouse/former sponsor.

Example: A contractor would collect the individual enrollment fee for an URFS's enrollment under the URFS's own SSN. The contractor would also collect a family enrollment fee for any two or more eligible family members enrolled under the SSN of the ex-spouse/former sponsor. These enrollees might include the sponsor, any current spouse, and all eligible children, including those living with the URFS.

4.4 Medicare Part B Fee Waiver

Each Prime enrolled beneficiary under age 65, who maintains enrollment in Medicare Part B, is entitled to a waiver of an amount equivalent to the individual TRICARE Prime enrollment fee. Hence, individual enrollments for such beneficiaries will have the enrollment fee waived. A family enrollment in TRICARE Prime, where one family member is under age 65 and maintains enrollment in Medicare Part B, shall have one-half of the family enrollment fee waived; the remaining half must be paid. For a family enrollment where two or more family members are under age 65 and maintain enrollment in Medicare Part B, the family enrollment fee is waived regardless of the number of family members who are enrolled in addition to those entitled to Medicare Part B.

4.5 Mid-Month Enrollees

The contractor shall collect any applicable enrollment fee from mid-month enrollees at the time of enrollment. However, there will be no enrollment fee collected for the days between the effective enrollment date and the determined enrollment date.

4.5.1 The effective enrollment date shall be the actual start date of the enrollment.

4.5.2 The determined enrollment date shall be established using the 20th of the month rule, as it is for initial enrollments.

Example: If the retirement date is May 27, the effective enrollment date will be May 27 and the determined enrollment date will be July 1. Fees will be charged for the period from July 1 forward; no fees will be assessed for the period from May 27 through June 30. Reference the TPM, [Chapter 10, Section 3.1](#).

4.6 Overpayment Of Enrollment Fees

If enrollment fees are overpaid at any point during an enrollment year, the contractor may credit the overpayment to any outstanding payments due. Such credits shall be reported on DEERS. If the overpayment of enrollment fees is not applied to outstanding payments due, the contractor shall refund any overpayments of \$1 or more to the enrollee. When TRICARE Prime enrollment changes from an individual to a family prior to annual renewal, the unused portion of the enrollment fee shall be prorated on a monthly basis and shall be applied toward a new enrollment period.

4.7 The following reports will be provided to the contractor to assist with identifying and correcting enrollment fee discrepancies. The contractor shall correct all accounts identified as discrepant. The contractor who is responsible for a beneficiary's current enrollment is responsible for resolving any over/under payments. For split enrollments, the reports will use the billing hierarchy to determine the responsible contractor.

4.7.1 Monthly Under Report

Enrollment fees are considered delinquent and will show up on the Monthly Under Report when the paid through date associated with a policy is greater than 60 days in the past. The Under Report will be provided on the first of each month. The contractor is required to analyze and correct all reported delinquencies within 30 days of the report's availability. The corrections may include synchronizing the fee data between the contractor's system and DEERS, correcting data discrepancies, and potentially terminating enrollments for failure to pay fees.

4.7.2 Monthly Over Report

The Monthly Over Report will identify those policies where the paid amount is over the amount owed. Amount owed is based on the enrollment begin date, the paid through date, and any existing fee waivers. The Over Report will be provided on the first of each month. The contractor is required to analyze and correct all reported accounts within 30 days of the report's availability. The contractor is responsible for correcting any data inaccuracies within the enrollment fee reporting system to include the refunding of any enrollment fees in excess of what is due if necessary.

4.7.3 Quarterly Under Report

The Quarterly Under Report will identify all terminated policies since the inception of the contract that have an associated paid through date prior to the termination date. The Quarterly Report will be provided on the first day of the first month of the fiscal quarter (i.e., October 1, January 1, April 1, and July 1). The contractor shall correct all data discrepancies within 60 days of the report's availability.

5.0 ENROLLMENT OF FAMILY MEMBERS OF E-1 THROUGH E-4

5.1 When family members of E-1 through E-4 reside in a Prime Service Area (PSA) of an MTF offering TRICARE Prime, the family members will be encouraged to enroll in TRICARE Prime. Upon enrollment, they will choose or be assigned a PCM located in the MTF. Such family members may, however, specifically decline such enrollment without adverse consequences. The choice of whether to enroll in TRICARE Prime, or to decline enrollment is completely voluntary. Family members of E-1 through E-4 who decline enrollment or who enroll in Prime and subsequently disenroll may re-enroll at any time. The completion of an enrollment application is a prerequisite for enrollment of such family members.

5.2 Enrollment processing and allowance of civilian PCM assignments will be in accordance with the Memorandum of Understanding between the contractor and the MTF.

5.3 The primary means of identification and subsequent referral for enrollment will occur during in-processing. These non-enrolled families may also be referred to the local TSC by the MTF, Commanders, First Sergeants/Sergeants Major, supervisors, Family Support Centers, and others.

5.4 The local TSC will provide enrollment information and support the family member in making an enrollment decision (i.e., to enroll in TRICARE Prime or to decline enrollment). The education of such potential enrollees shall specifically address the advantages of TRICARE Prime enrollment, including guaranteed access, the support of a PCM, etc. The contractor shall reinforce that enrollment is at no cost for family members of E-1 through E-4 and will give them the opportunity to select or be assigned an MTF PCM, to select a civilian PCM if permitted by applicable MOU, or to decline enrollment in TRICARE Prime.

5.5 The contractor shall also discuss the potential effective date of the enrollment, explaining that the actual effective date will depend upon the date the enrollment application is received, consistent with current TRICARE rules (i.e., the "20th of the month" rule). The effective date of enrollment shall be determined by the date the enrollment application is received by the MCSC. These enrollments and enrollment refusals should not be tracked, nor the enrollees identified differently than enrollments initiated through any other process, such as the MCSC's own marketing efforts.

5.6 Enrollment may be terminated at any time upon request of the enrollee, sponsor or other party as appropriate under existing enrollment/disenrollment procedures. Beneficiaries in this group may re-enroll at any time without restriction or penalty. However, such re-enrollments are subject to the 20th of the month rule.

5.7 Contractors are not required to screen TRICARE claims to determine whether it may be for treatment of a non-enrolled ADFM of E-1 through E-4 living in a PSA. Rather, they are to support the prompt and informed enrollment of such individuals when they have been identified by DoD in the course of such a person's interaction with the military health care system or personnel community and have been referred to the contractor for enrollment.

6.0 TRICARE ELIGIBILITY CHANGES/REFUNDS OF FEES

6.1 Refer to the TPM, [Chapter 10, Section 3.1](#), for information on changes in eligibility.

6.2 The contractor shall allow a TRICARE-eligible beneficiary who has less than 12 months of eligibility remaining to enroll in TRICARE Prime until such time as the enrollee loses his/her TRICARE eligibility. The enrollment transaction to DEERS shall reflect the end date of enrollment to be the same as the end date of eligibility on DEERS. The beneficiary shall have the choice of paying the entire enrollment fee or paying the fees on a more frequent basis (e.g., monthly or quarterly). If the enrollee chooses to pay by installments, the contractor shall collect only those installments required to cover the period of eligibility.

6.3 Contractors shall reimburse the unused portion of the TRICARE Prime enrollment fee to retired TRICARE Prime enrollees and their families who have been recalled to active duty.

Contractors shall calculate the reimbursement using monthly prorating, and shall report such reimbursements to DEERS. If the reactivated member's family chooses continued enrollment in TRICARE Prime, the family shall begin a new enrollment period and shall be offered the opportunity

to keep its PCM, if possible. Any enrollment/fiscal year catastrophic cap accumulations shall be applied to the new enrollment period.

6.4 The contractor shall reimburse enrollment fees for deceased enrollees upon receiving a written request from the remaining enrollee or the executor of the decedent's estate. The request must include a copy of the death certificate. Reimbursements shall be prorated on a monthly basis and apply both to individual plans where the sole enrollee is deceased and to the conversion of a family enrollment to an individual plan upon the death of one or more family members. For individual enrollments, the contractor shall refund remaining enrollment fees to the executor of the estate. For family enrollments that convert to individual plans, the contractor shall either credit the excess fees to the individual plan or refund them either to the remaining enrollee or to the executor of the decedent's estate, as appropriate. Enrollment fees for family enrollments of three or more members are not affected by the death of only one enrollee and no refunds shall be issued. The contractor shall record all reimbursements of fees in DEERS.

6.5 The MCSCs shall refund the unused portion of the TRICARE Prime enrollment fee to TRICARE Prime enrollees who become eligible for Medicare Part A based upon disability, End Stage Renal Disease (ESRD) or upon attaining age 65, provided the beneficiary has Medicare Part B coverage. The contractor shall calculate the refund using monthly prorating.

6.5.1 For Prime enrollees who become Medicare eligible upon attaining age 65 and who maintain Medicare Part B coverage, refunds are required for overpayments occurring on and after the start of health care delivery of all MCS contracts. The contractor shall utilize its files to substantiate any claim of overpayment.

6.5.2 For Prime enrollees who are under 65 years of age and become Medicare eligible due to disability or ESRD and who maintain Medicare Part B coverage, refunds are required for overpayments starting on the date the enrollee has Medicare Part B coverage. Beneficiaries must provide sufficient documentation to support the overpayment for a refund. The contractor shall supplement the beneficiary's documentation using DEERS and any available internal files, from the current and any prior contracts.

6.5.3 The contractors are not required to research their files to identify these individuals. If the contractor receives a refund request, then the contractor shall refund the unused portion of the enrollment fee determined to be an overpayment in accordance with policy.

6.5.4 Medicare eligible ADFMs age 65 and over are not required to have Medicare Part B to remain enrolled in TRICARE Prime. To maintain TRICARE coverage upon the sponsor's retirement, they must enroll in Medicare Part B during Medicare's Special Enrollment Period prior to their sponsor's retirement date. (The Special Enrollment Period is available anytime the sponsor is on active duty or within the first eight months of the sponsor's retirement. If they enroll in Part B after their sponsor's retirement date, they will have a break in TRICARE coverage.)

6.5.5 Medicare eligibles age 65 and over who are not entitled to premium-free Medicare Part A are not required to have Medicare Part B to remain enrolled in TRICARE Prime. Because they may become eligible for premium-free Medicare Part A at a later date, under their or their spouse's SSN, they should enroll in Medicare Part B when first eligible at age 65 to avoid the Medicare surcharge for late enrollment.

6.6 The contractor shall include full and complete information about the effects of changes in eligibility and rank in beneficiary education materials and briefings.

7.0 WOUNDED, ILL, AND INJURED (WII) ENROLLMENT CLASSIFICATION

The WII program provides a continuum of integrated care from the point of injury to the return to duty or transition to active citizenship for the Active Component (AC) or the Reserve Component (RC) service members who have been activated for more than 30 days. These AC/RC service members, referred to as ADSMs, have been injured or become ill while on active duty and will remain in an active duty status while receiving medical care or undergoing physical disability processing. WII programs vary in name according to Service. The Service shall determine member eligibility for enrollment into a WII program, as well as whether or not to utilize these enrollments.

To better manage this population, a secondary enrollment classification of HCDP Plan Coverage Codes, WII 415 and WII 416 were developed. The primary rules apply to the WII HCDP codes:

- ADSMs must be enrolled to a TRICARE Prime program prior to, or at the same time, as being enrolled into a WII 415 or WII 416 program.
- A member cannot be enrolled in WII 415 and WII 416 programs at the same time.
- WII 415 and WII 416 enrollments will terminate at the end of the member's active duty eligibility, when members transfer enrollment to another MTF, change of a plan code, or at the direction of the Service-specific WII entity.
- Any claims processed for WII 415/416 enrollees shall follow the rules associated with the primary HCDP Plan Coverage Code, such as TRICARE Prime, TRICARE Prime Remote (TPR), TRICARE Overseas Program (TOP) Prime, or TOP Prime Remote. All claims will process and pay under Supplemental Health Care Program (SHCP) rules. DEERS will not produce specific enrollment cards or letters for WII 415/416 enrollment.

WII 415/416 TRICARE Encounter Data (TED) records shall be coded with the WII 415/416 HCDP Plan Coverage Code; however, the Enrollment/Health Plan Code data element on the TED record shall reflect the appropriate value for the primary HCDP Plan Coverage Code. For example, a TED record for a WII 416 enrollee with primary enrollment to TPR would reflect the HCDP Plan Coverage Code of "416" but the Enrollment/Health Plan Code would be coded "W TPR Active Duty Service Member".

7.1 WII 415 - Wounded, Ill, And Injured (e.g., Warrior Transition/MEDHOLD Unit (WTU))

7.1.1 Service defined eligible ADSMs assigned to a WII 415 Program such as a MEDHOLD or WTU shall be enrolled to TRICARE Prime or TOP Prime prior to, or at the same time, as being enrolled into the WII 415. Members cannot be enrolled to the WII 415 without a concurrent TRICARE Prime or TOP Prime enrollment. Service appointed WII case managers as determined by the Services, will coordinate with the MTF to facilitate TRICARE Prime PCM assignments for WII 415 members. The contractor shall then assign a PCM in accordance with the MTF MOU and in coordination with the WII case manager. WII 415 enrollment will not run in conjunction with TAMP and members enrolled in TPR, or TOP Prime Remote are not eligible to enroll in the WII 415.

TRICARE Operations Manual 6010.56-M, February 1, 2008

Chapter 6, Section 1 Enrollment Processing

7.1.2 The Service-specific WII entity will stamp the front page of the DD Form 2876, enrollment application form, with WII 415 for new enrollments that begin after the DEERS implementation date. The enrollment form will then be sent to the appropriate contractor who shall perform the enrollment in the DOES and include the following information:

- WII 415 HCDP Plan Coverage Code
- WII 415 Enrollment Start Date (Contractors may change the DOES defaulted start date, which may or may not coincide with the Prime Enrollment Start Date. The start date can be changed up to 289 days in the past or 90 days into the future.)

7.1.3 WII 415 enrollments will be in conjunction with an MTF enrollment only, not to civilian network PCMs under TPR enrollment rules. DEERS will end WII 415 enrollments upon loss of member's active duty eligibility. WII 415 program enrollments will not be portable across programs or regions. The TOP contractor will enter WII 415 enrollments through DOES for outside the 50 United States and the District of Columbia.

7.1.4 The contractors shall accomplish the following functions based on receipt of notification from the Service-specific WII program entities:

- Enrollment
- Disenrollment
- Cancel enrollment
- Cancel disenrollment
- Address update
- Contractors can request Policy Notification Transaction (PNT) resend
- Modify begin date
- Modify end date

7.1.5 Service WII entities will provide contractors with a list by name and SSN of those ADSMs currently assigned to their WII program at the time the program is implemented by DEERS. The contractors shall enter these ADSMs into DOES as enrolled in WII 415 with a start date of the date of implementation, unless another date, up to 289 days in the past, is provided by the WII entity.

7.2 WII 416 - Wounded, Ill, And Injured - Community-Based (e.g., Community-Based Health Care Organization (CBHCO))

7.2.1 Service defined eligible ADSMs may be assigned to a WII 416 Program such as the Army's CBHCO and receive required medical care near the member's home. The service member shall be enrolled to TRICARE Prime, TPR, TOP Prime, or TOP Prime Remote prior to or at the same time as being enrolled into WII 416. Members cannot be enrolled to the WII 416 program without a concurrent Prime, TPR, TOP Prime, or TOP Prime Remote enrollment. Service appointed case managers will coordinate with the contractor or MTF to facilitate TRICARE Prime or TPR PCM assignments for eligible beneficiaries. The contractor shall then assign a PCM based on the MTF MOU and in coordination with the WII entity (e.g., CBHCO). WII 416 enrollments will not run in conjunction with TAMP.

7.2.2 The Service-specific WII Program will stamp the front page of the DD Form 2876, enrollment application form, with WII 416 for all new enrollments. The begin date will be the date the contractors receive the signed enrollment form. The enrollment form will then be sent to the appropriate contractor who shall perform the enrollment in the DOES and include the following information:

- WII 416 HCDP Plan Coverage Code
- WII 416 Enrollment Start Date (Date received by the contractor or the date indicated by the Service-specific WII Program which can be up to 289 days in the past, or 90 days in the future.)

7.2.3 WII 416 enrollments can be in conjunction with an MTF, TPR, TOP Prime, or TOP Prime Remote enrollment. DEERS will end WII 416 enrollments upon loss of member's active duty eligibility. WII 416 program enrollments will not be portable across programs or regions.

7.2.4 The contractors shall accomplish the following functions based on receipt of notification from Service-specific WII program entities:

- Enrollment
- Disenrollment
- Cancel enrollment
- Cancel disenrollment
- Address update
- Contractors can request PNT resend
- Modify begin date
- Modify end date

7.2.5 Service-specific WII entities will provide contractors with a list by name and SSN of those ADSMs currently participating in their WII program at the time the program is implemented by DMDC. The contractors shall enter these ADSMs into DOES as enrolled to WII 416 with a start date as the date of implementation, unless another date up to 289 days in the past is provided by the Service-specific WII program entities.

8.0 TRICARE POLICY FOR ACCESS TO CARE (ATC) AND PRIME SERVICE AREA (PSA) STANDARDS

8.1 Non-active duty beneficiaries in the Continental United States (CONUS) and Hawaii who reside more than 30 minutes travel time from their desired PCM must waive primary and specialty drive-time ATC standards. (Due to the unique health care delivery challenges in Alaska, the requirement to request a waiver for the drive-time access standard does not apply to beneficiaries in Alaska.) Before effecting an enrollment or portability transfer request, contractors shall ensure that the applicant has waived travel time ATC standards either by signing Sections V and VI of the Enrollment Application (DD Form 2876) or by requesting enrollment through the Beneficiary Web Enrollment (BWE) service (for both civilian and MTF PCMs). An approved waiver for a beneficiary residing less than 100 miles from their PCM will remain in effect until the beneficiary changes residence.

8.2 Contractors must estimate the travel time or distance between a beneficiary's residence to a PCM (either a civilian PCM or an MTF) using at least one web-based mapping program. The choice of the mapping program(s) is at the discretion of the contractor, but the contractor must use a consistent process to determine the driving distance for each enrollee applicant who may reside more than 30 minutes travel time from their PCM. The time or distance shall be computed between the enrollee's residence and the physical location of the PCM (including MTFs). It is not acceptable to use a geographic substitute, such as a geographic centroid.

8.3 Contractors (in conjunction with MTFs for MTF enrollees) are responsible for beneficiary drive-time waiver education and must ensure that beneficiaries who choose to waive these standards have a complete understanding of the rules associated with their enrollment and the travel time standards they are forfeiting. This includes educating beneficiaries who waive their ATC travel standards of the following:

- They should expect to travel more than 30 minutes for access to primary care (including urgent care) and possibly more than one hour for access to specialty care services.
- They will be held responsible for POS charges for care they seek that has not been referred by their PCM (or for MTF enrollees, by another MTF provider).
- They should consider whether any delay in accessing their enrollment site might aggravate their health status or delay receiving timely medical treatment.

8.4 Enrollment shall only be effected for beneficiaries who reside in the Region. If at any point during the enrollment period the contractor determines or is advised that a beneficiary's residential address is outside the Region, the contractor shall inform the beneficiary of the discrepant address situation. This notification shall occur when the discrepant information is known to the contractor (i.e., not wait until the end of the enrollment period). When there is a discrepant address situation, the contractor shall confirm with the beneficiary the correct address. If the beneficiary confirms that a DEERS-recorded address is incorrect, the contractor shall request the beneficiary update DEERS with correct information (and assist as appropriate). If the contractor determines that the beneficiary resides outside the Region in which they are enrolled, the contractor shall inform the beneficiary no later than two months prior to expiration of the current enrollment period that enrollment will not be renewed to a Region in which they do not reside. The contractor shall provide information necessary for the beneficiary to contact the contractor for the region in which they do reside to request enrollment in that region.

8.5 MTF Enrollees

8.5.1 Non-active duty beneficiaries must reside within 30 minutes travel time from an MTF to which they desire to enroll. If a beneficiary desiring enrollment resides more than 30 minutes (but less than 100 miles) from the MTF, they may be enrolled so long as they waive primary and specialty ATC standards and the MTF Commander (or designee) approves the enrollment. (If the MOU includes zip codes or drive-time distances for which the MTF is willing to accept enrollments that are beyond a 30 minute drive, this constitutes approval. If not addressed in the MOU, the contractor shall submit each request to the MTF Commander (or designee) in a method that is outlined in the MOU.) The TRICARE Regional Office (TRO) Director may approve waiver requests from beneficiaries who desire to enroll to an MTF and who reside 100 miles or more from the MTF. In these cases, the

MTF Commander must also be agreeable to the enrollment and have sufficient capacity and capability.

8.5.2 The contractor shall process all requests for enrollment to an MTF in accordance with the MOU between the MTF and the contractor. Enrollment guidelines in MOUs may include:

8.5.2.1 Zip codes and/or distances for which the MTF Commander is mandating enrollment to the MTF. These mandatory MTF enrollment areas must be within access standards (i.e., a 30 minute drive-time of the MTF) and can apply to all eligible beneficiaries or can be based on beneficiary category priorities for MTF access.

Note: Non-active duty TRICARE Prime applicants who reside more than 30 minutes travel time from an MTF must be afforded the opportunity to enroll with a civilian PCM if they live in a PSA.

8.5.2.2 Zip codes and/or distances for which the MTF Commander is willing to accept enrollment. This can include both areas within a 30 minute or less drive-time and over a 30 minute drive but within 100 miles. Any enrollment for a beneficiary with a drive of more than 30 minutes requires a signed waiver of access standards. If an enrollee applicant resides within a zip code previously determined to lie entirely within 30 minutes travel time from the MTF, the contractor need not compute the travel time for that applicant.

8.5.2.3 Whether or not the MTF Commander will consider a request for enrollment for 100 miles or greater. In determining whether or not the MTF Commander will consider a request for enrollment beyond 100 miles, the MTF Commander may use zip codes to designate those areas the MTF Commander will consider requests or will not consider requests.

8.5.3 The contractor shall notify the MTF Commander (or designee) when a beneficiary residing 100 miles or more from the MTF, but in the same Region, requests a new enrollment or portability transfer to the MTF. Such notification is not necessary if the MOU has already established that the MTF Commander will not accept enrollment of beneficiaries who reside 100 miles or more from the MTF. The contractor shall make this notification by any mutually agreeable method specified in the MOU. The contractor shall not make the MTF enrollment effective unless notified by the MTF to do so.

8.5.3.1 The MTF Commander will notify the TRO Director of their desire to enroll a beneficiary who resides 100 miles or greater from the MTF and request approval for the enrollment. The TRO Director will make a determination on whether or not to approve or deny the request and notify the MTF Commander of their decision by a mutually agreeable method. The MTF Commander is responsible for notifying the contractor of all approved enrollment requests for beneficiaries who reside 100 miles or greater from the MTF. The contractor shall notify the beneficiary of the final decision.

8.5.3.2 Approved waivers for beneficiaries residing 100 miles or more from the MTF shall remain in effect until the beneficiary changes residence or unless the MTF Commander determines that they will no longer allow these enrollments. Even if a beneficiary has previously waived travel time standards, any MTF Commander may revise the MOU (following the MOU revision process) to state that enrollment of some or all current enrollees who reside 100 or more miles from the MTF are not to be renewed at the end of the enrollment period. The contractor shall inform such beneficiaries no later than two months prior to expiration of the current enrollment period that they are no

longer qualified for renewal of enrollment to the MTF. Prior to notification, the contractor shall obtain the rationale for the change from the MTF to include in the notice to the beneficiary. The proposed notice shall be reviewed and concurred on by the TRO prior to being sent to the impacted beneficiaries. (The TRO will coordinate notices with the TRICARE Management Activity (TMA) Communication and Customer Service (C&CS) prior to approval.)

8.5.4 At any time during the enrollment period, if the contractor determines there is no signed travel time waiver on file for a current MTF enrollee who resides more than 30 minutes from the MTF, the contractor shall, at the next annual TRICARE Prime renewal point, require the beneficiary to waive the primary and specialty care ATC standards before the enrollment will be renewed. (This includes monitoring address changes received by the contractor from all sources.) The contractor shall notify the beneficiary of this waiver requirement no later than two months before expiration of the annual enrollment period. The language for all beneficiary notices shall be reviewed and concurred on by the TRO prior to being sent to beneficiaries. (The TRO will coordinate notices with TMA C&CS prior to approval.)

- Any notice to a beneficiary that is requesting they sign a waiver of access standards, denying their enrollment, or advising them they are not eligible for re-enrollment to an MTF, shall include information on any alternative options for enrollment. The notice must also advise the beneficiary of the option to participate in TRICARE Standard, Extra, or the USFHP where available.

8.5.5 For each approved enrollment to an MTF where the beneficiary has waived access standards (whether by DD Form 2876 or BWE), the contractor shall retain the enrollment request in a searchable electronic file until 24 months after the beneficiary is no longer enrolled to the MTF. The contractor shall provide the retained file to a successor contractor at the end of the final option period.

8.5.6 When an enrollment request requires MTF Commander or TRO Director approval, any contractual requirements relating to processing timeliness for enrollment requests will begin when the contractor has obtained direction from the MTF Commander or TRO Director regarding waiver approval or disapproval.

8.5.7 The contractor shall apprise the MTF Commander (or designee) of all enrollees to the MTF who have waived their ATC travel standards. The contractor shall separate the information into two categories, those who reside within 100 miles of the MTF and those who reside 100 miles or more from the MTF. This notification shall be by any mutually agreement means specified in the MOU between the contractor and the MTF Commander.

8.6 Civilian Enrollees

8.6.1 Within a PSA, the civilian network must have the capability and capacity to allow beneficiaries who reside in the PSA to enroll to a PCM within access standards. If a beneficiary who resides in the PSA requests enrollment to a specific PCM who is located more than a 30 minute drive from the beneficiary's residence, the contractor may allow the enrollment so long as the beneficiary waives travel time access standards. (Also, see [Chapter 5, Section 1](#).)

8.6.2 For new enrollments (including portability transfers), the contractor is not required to establish a network with the capability and capacity to grant enrollment to beneficiaries who reside

TRICARE Operations Manual 6010.56-M, February 1, 2008

Chapter 6, Section 1
Enrollment Processing

outside a PSA. Requests for new enrollments to the civilian network from beneficiaries residing outside a PSA will be granted provided there is sufficient unused network capacity and capability to accommodate the enrollment and that the PSA civilian network PCM to be assigned is located less than 100 miles from the beneficiary's residence. Beneficiaries who reside outside the PSA and enroll in TRICARE Prime must waive their primary and specialty care travel time access standards. (The network shall have the capability and capacity to allow beneficiaries enrolled in TRICARE Prime, residing outside of PSAs, with a civilian network PCM prior to the beginning of Option Period One of the applicable regional Managed Care Support (MCS) contract to enroll to a PSA PCM provided the beneficiary resides less than 100 miles from an available network PCM in the PSA and waives both primary and specialty care travel time standards.)

8.6.3 Beneficiaries who reside outside the PSA and are 100 miles or greater from an available civilian network PCM in the PSA shall not be allowed to enroll in TRICARE Prime.
