CHAPTER 6, SECTION 8

HOSPITAL REIMBURSEMENT - TRICARE/CHAMPUS DRG-BASED PAYMENT SYSTEM
(ADJUSTMENTS TO PAYMENT AMOUNTS)

- U = Indicates that the documentation is insufficient to determine if the condition was present at the time of admission.
- 1 = Signifies exemption from POA reporting. CMS established this code as a workaround to blank reporting on the electronic 4010A1. A list of exempt ICD-9-CM diagnosis codes is available in the ICD-9-CM Official Coding Guidelines.

c. HACs. TRICARE shall adopt those HACs adopted by CMS. The HACs, and their respective diagnosis codes, are posted at <http://www.tricare.mil/drgrates/>.

d. Provider responsibilities and reporting requirements. For non-exempt providers, issues related to inconsistent, missing, conflicting, or unclear documentation must be resolved by the provider. POA is defined as present at the time the order for inpatient admission occurs. Conditions that develop during an outpatient encounter, including emergency department, observation, or outpatient surgery, are considered as present on admission.

e. The TRICARE/CHAMPUS contractor shall accept, validate, retain, pass, and store the POA indicator.

f. Exempt Providers.

(1) The following hospitals are exempt from POA reporting for TRICARE:

- (a) Critical Access Hospitals (CAHs)
- (b) Long Term Care (LTC) Hospitals
- (c) Maryland Waiver Hospitals
- (d) Cancer Hospitals
- (e) Children's Inpatient Hospitals
- (f) Inpatient Rehabilitation Hospitals
- (g) Psychiatric Hospitals **and Psychiatric Units**
- (h) Sole Community Hospitals (SCHs)
- (i) Department of Veterans Affairs (DVA) Hospitals

(2) Contractors shall identify claims from those hospitals that are exempt from POA reporting, and shall take the actions necessary to be sure that the TRICARE grouper software does not apply HAC logic to the claim.

CHAPTER 6, SECTION 8

HOSPITAL REIMBURSEMENT - TRICARE/CHAMPUS DRG-BASED PAYMENT SYSTEM
(ADJUSTMENTS TO PAYMENT AMOUNTS)

g. The DRG payment is considered payment in full, and the hospital cannot bill the beneficiary for any charges associated with the hospital-acquired complication or charges because the DRG was demoted to a lesser-severity level.

h. Effective October 1, 2009, claims will be denied if a non-exempt hospital does not report a valid POA indicator for each diagnosis on the claim.

i. Reports. Contractors shall create a monthly report listing all TRICARE Encounter Data (TED) records that had HACs. The report shall include, at a minimum, the TED Record Indicator, each HAC reported, the POA indicator for each HAC, the dates of service/admission, the DRG that was paid, the total amount paid by TRICARE, and the following provider data: Taxpayer Identification Number (TIN), Sub-Identifier (SUBID), Zip Code, Type of Institution, and National Provider Identifier (NPI). The report shall be provided to TMA by the 10th of each month in an Excel file and submitted via the E-Commerce Extranet. The first monthly report shall be due no later than November 10, 2009.

9. Replacement Devices.

a. TRICARE is not responsible for the full cost of a replaced device if a hospital receives a partial or full credit, either due to a recall or service during the warranty period. Reimbursement in cases in which an implanted device is replaced shall be made:

- (1) At reduced or no cost to the hospital; or
- (2) With partial or full credit for the removed device.

b. The following condition codes 49 and 50 allow TRICARE to identify and track claims billed for replacement devices:

(1) Condition Code 49. Product replacement within product lifecycle. Condition code 49 is used to describe replacement of a product earlier than the anticipated lifecycle due to an indication that the product is not functioning properly - warranty.

(2) Condition Code 50. Replacement of a product earlier than the anticipated lifecycle due to an indication that the product is not functioning properly. Condition code 50 is used to describe that the manufacturer or the U.S. Food and Drug Administration (FDA) has identified the product for recall and, therefore, replacement.

c. When a hospital receives a credit for a replaced device that is 50% or greater than the cost of the device, hospitals are required to bill the amount of the credit in the amount portion for value code **FD**.

d. Beginning with admissions on or after October 1, 2009, the contractor shall reduce hospital reimbursement for those DRGs subject to the replacement device policy, by the full or partial credit a provider received for a replaced device. The specific DRGs subject to the replacement device policy will be posted on TRICARE's DRG web page at
