ADDENDUM J	Participation Agreement For Freestanding Psychiatric Partial Hospitalization Program Services

CHAPTER 7  
 ADDENDUM G (FY 2009)

TRICARE-AUTHORIZED RESIDENTIAL TREATMENT CENTERS - FOR  
 PAYMENT OF SERVICES PROVIDED ON OR AFTER 10/01/2008

The rates in this Addendum will be used for payment of claims for services rendered on or after October 1, 2008. The rates were adjusted by the lesser of the FY 2008 Medicare update factor (3.6%) or the amount that brought the rate up to the new cap amount of \$743.

NOTE: This listing is for residential treatment center per diem rates only. It does not reflect a facility's status as a TRICARE-authorized residential treatment center. Information regarding a facility's current status as an authorized provider can be obtained from the appropriate contractor.

CHAPTER 11, SECTION 1

HOSPICE REIMBURSEMENT - GENERAL OVERVIEW

---

c. Independent attending physician services are not considered a part of the hospice benefit and are not figured into the cap amount calculations. The provider will bill for these services on a CMS 1500 (08/05) using the appropriate CPT codes. These services will be subject to standard TRICARE reimbursement and cost-sharing/deductible provisions.

D. Authorized Providers

1. Social workers, hospice counselors, and home health aides which are not otherwise authorized providers of care under Basic Program may provide those services necessary for the palliation or management of terminally ill patients electing hospice coverage. These services are part of a package of services for which there is single all-inclusive rate for each day of care.

2. Hospice programs must be Medicare certified and meet all Medicare conditions of participation (42 CFR 418) in relation to patients in order to receive payment under the TRICARE program.

NOTE: The hospice program will be responsible for assuring that the individuals rendering hospice services meet the qualification standards specified in [Section 2](#). The contractor will not be responsible for certification of individuals employed by or contracted with a hospice program.

E. Implementing Instructions

Since this issuance only deals with a general overview of the hospice benefit the following cross referencing is provided to facilitate access to specific implementing instructions within Sections 1 through 4:

#### IV. EFFECTIVE DATE

Implementation of the hospice program is effective for admissions occurring on or after June 1, 1995. Unless specified differently in sections of this instruction, this is to be considered the effective date for reimbursement of hospice care.

- END -

CHAPTER 11  
ADDENDUM A (FY 2009)

FISCAL YEAR 2009 RATES FOR HOSPICE CARE

---

The following national hospice rates are for care and services provided on or after October 1, 2008, through September 30, 2009. The hospice rates applicable to the above period are:

DESCRIPTION	RATE	WAGE COMPONENT SUBJECT	UNWEIGHTED AMOUNT
Routine Home Care	\$139.97	\$96.17	\$43.80
Continuous Home Care	\$816.94 full rate = 24 hours of care/\$32.86 hourly rate	\$561.32	\$255.62
Inpatient Respite Care	\$144.79	\$78.37	\$66.42
General Inpatient Care	\$622.66	\$398.56	\$224.10
Allow the provider to split bills if they span the effective date. Use the previous year's rates if the provider chooses not to split the bill.			
<b>Hospice Cap Amount:</b>	The latest hospice cap amount, for the cap year ending October 31, 2008, is <b>\$22,386.15</b> .		

- END -

				Madison County, GA				

<sup>1</sup> Wage index values are based on FY 2004 hospital cost report data before reclassification. These data form the basis for the raw pre-floor, pre-reclassified hospital wage index. The budget neutrality adjustment or the hospice floor is then applied to the raw pre-floor, pre-reclassified hospital wage index to derive the hospice wage index. Wage index values greater than or equal to 0.8 are subject to a budget neutrality adjustment. The hospice floor calculation is as follows: Wage index values below 0.8 are adjusted to be the greater of either (a) the 25% reduced budget neutrality adjustment OR (b) the minimum of the raw pre-floor, pre-reclassified hospital wage index value x 1.15, or 0.8000. For the final FY 2009 hospice wage index, the budget neutrality adjustment was reduced by 25%.

<sup>2</sup> This column lists each CBSA area name and each county or county equivalent, in the CBSA area. Counties not listed in this table are considered to be rural areas. Wage index values for rural areas are found in [Addendum C \(FY 2009\)](#).

<sup>3</sup> Because there are no hospitals in this CBSA, the wage index value is calculated by taking the average of all other urban CBSAs in Georgia.

<sup>1</sup> Wage index values are based on FY 2004 hospital cost report data before reclassification. These data form the basis for the raw pre-floor, pre-reclassified hospital wage index. The budget neutrality adjustment or the hospice floor is then applied to the raw pre-floor, pre-reclassified hospital wage index to derive the hospice wage index. Wage index values greater than or equal to 0.8 are subject to a budget neutrality adjustment. The hospice floor calculation is as follows: Wage index values below 0.8 are adjusted to be the greater of either (a) the 25% reduced budget neutrality adjustment OR (b) the minimum of the raw pre-floor, pre-reclassified hospital wage index value x 1.15, or 0.8000. For the final FY 2009 hospice wage index, the budget neutrality adjustment was reduced by 25%.

<sup>2</sup> This column lists each CBSA area name and each county or county equivalent, in the CBSA area. Counties not listed in this table are considered to be rural areas. Wage index values for rural areas are found in [Addendum C \(FY 2009\)](#).

<sup>3</sup> Because there are no hospitals in this CBSA, the wage index value is calculated by taking the average of all other urban CBSAs in Georgia.

<sup>1</sup> Wage index values are based on FY 2004 hospital cost report data before reclassification. These data form the basis for the raw pre-floor, pre-reclassified hospital wage index. The budget neutrality adjustment or the hospice floor is then applied to the raw pre-floor, pre-reclassified hospital wage index to derive the hospice wage index. Wage index values greater than or equal to 0.8 are subject to a budget neutrality adjustment. The hospice floor calculation is as follows: Wage index values below 0.8 are adjusted to be the greater of either (a) the 25% reduced budget neutrality adjustment OR (b) the minimum of the raw pre-floor, pre-reclassified hospital wage index value x 1.15, or 0.8000. For the final FY 2009 hospice wage index, the budget neutrality adjustment was reduced by 25%.

<sup>2</sup> This column lists each CBSA area name and each county or county equivalent, in the CBSA area. Counties not listed in this table are considered to be rural areas. Wage index values for rural areas are found in [Addendum C \(FY 2009\)](#).

<sup>3</sup> Because there are no hospitals in this CBSA, the wage index value is calculated by taking the average of all other urban CBSAs in Georgia.

<sup>1</sup> Wage index values are based on FY 2004 hospital cost report data before reclassification. These data form the basis for the raw pre-floor, pre-reclassified hospital wage index. The budget neutrality adjustment or the hospice floor is then applied to the raw pre-floor, pre-reclassified hospital wage index to derive the hospice wage index. Wage index values greater than or equal to 0.8 are subject to a budget neutrality adjustment. The hospice floor calculation is as follows: Wage index values below 0.8 are adjusted to be the greater of either (a) the 25% reduced budget neutrality adjustment OR (b) the minimum of the raw pre-floor, pre-reclassified hospital wage index value x 1.15, or 0.8000. For the final FY 2009 hospice wage index, the budget neutrality adjustment was reduced by 25%.

<sup>2</sup> This column lists each CBSA area name and each county or county equivalent, in the CBSA area. Counties not listed in this table are considered to be rural areas. Wage index values for rural areas are found in [Addendum C \(FY 2009\)](#).

<sup>3</sup> Because there are no hospitals in this CBSA, the wage index value is calculated by taking the average of all other urban CBSAs in Georgia.

- END -

- 1 There are no hospitals in the rural areas of Massachusetts, so the wage index value used is the average wage index value for the contiguous counties.
- 2 There are no rural areas in this state.
- 3 Wage index values are obtained using the methodology described in the rule.
- 4 Wage index values are based on FY 2004 hospital cost report data before reclassification. These data form the basis for the raw pre-floor, pre-reclassified hospital wage index. The budget neutrality adjustment or the hospice floor is then applied to the raw pre-floor, pre-reclassified hospital wage index to derive the hospice wage index. Wage index values greater than or equal to 0.8 are subject to a budget neutrality adjustment. The hospice floor calculation is as follows: Wage index values below 0.8 are adjusted to be the greater of either (a) the 25% reduced budget neutrality adjustment OR (b) the minimum of the raw pre-floor, pre-reclassified hospital wage index value x 1.15, or 0.8000. For the final FY 2009 hospice wage index, the budget neutrality adjustment was reduced by 25%.
