#### A. PURPOSE

This Instruction:

1. Implements Pub. L. No. 101-647, Section 231 (enclosure 3), and Pub. L. No. 102-190, Section 1094 (enclosure 4).
2. Requires procedures for existing and newly hired individuals and includes a review of personnel and security records to include a Federal Bureau of Investigation (FBI) fingerprint check and State Criminal History Repositories (SCHR) checks of residences listed on employment or certification applications.
3. Establishes policy, assigns responsibilities, and prescribes procedures for criminal history background checks for all existing and newly hired individuals involved in the provision of child care services as Federal employees, contractors, or in Federal facilities to children under the age of 18. The checks are required of all individuals in the Department of Defense involved in providing child care services defined in enclosure 3, and for policy reasons, those categories of individuals not expressly governed by the statute.
4. Allows the Department of Defense to provisionally hire such individuals before the completion of a background check (enclosure 4). However, at all times while children are in the care of that individual, the child care provider must be within sight and under the supervision of a staff person whose background check has been successfully completed. Healthcare personnel shall comply with guidance provided in enclosure 5.

3. Protect children by denying or removing from employment, contract, or volunteer status any applicant or current employee who is determined unsuitable to provide child care services because derogatory information is contained in a suitability investigation.

4. Ensure that an individual is advised of proposed disciplinary action, decertification, or refusal to hire by the hiring authority or designee if disqualifying derogatory information is contained in a suitability investigation. The individual is given the opportunity to challenge the accuracy and completeness of reported information.

5. Foster cooperation among the DoD Components, other Federal Agencies, State and county agencies, and other civilian authorities in conducting criminal history background checks.

42 USC 13041. **SEC. 231. REQUIREMENT FOR BACKGROUND CHECKS.**

(a) **IN GENERAL.**—(1) Each agency of the Federal Government, and every facility operated by the Federal Government (or operated under contract with the Federal Government), that hires (or contracts for hire) individuals involved with the provision to children under the age of 18 of child care services shall assure that all existing and newly-hired employees undergo a criminal history background check. All existing staff shall receive such checks not later than 6 months after the date of enactment of this chapter, and no additional staff shall be hired without a check having been completed.

(2) For the purposes of this section, the term "child care services" means child protective services (including the investigation of child abuse and neglect reports), social services, health and mental health care, child (day) care, education (whether or not directly involved in teaching), foster care, residential care, recreational or rehabilitative programs, and detention, correctional, or treatment services.

(b) **CRIMINAL HISTORY CHECK.**—(1) A background check required by subsection (a) shall be—

(A) based on a set of the employee's fingerprints obtained by a law enforcement officer and on other identifying information;

(B) conducted through the Identification Division of the Federal Bureau of Investigation and through the State criminal history repositories of all States that an employee or prospective employee lists as current and former residences in an employment application; and

(2) The results of the background check shall be communicated to the employing agency.

(c) **APPLICABLE CRIMINAL HISTORIES.**—Any conviction for a sex crime, an offense involving a child victim, or a drug felony, may be ground for denying employment or for dismissal of an employee in any of the positions listed in subsection (a)(2). In the case of an incident in which an individual has been charged with one of those offenses, when the charge has not yet been disposed of, an employer may suspend an employee from having any contact with children while on the job until the case is resolved. Conviction of a crime other than a sex crime may be considered if it bears on an individual's fitness to have responsibility for the safety and well-being of children.

(d) **EMPLOYMENT APPLICATIONS.**—(1) Employment applications for individuals who are seeking work for an agency of the Federal Government, or for a facility or program operated by (or through contract with) the Federal Government, in any of the positions listed in subsection (a)(1), shall contain a question asking whether the individual has ever been arrested for or charged with a crime involving a child, and if so requiring a description of the disposition of the arrest or charge. An application shall state that it is being signed under penalty of perjury, with the applicable Federal punishment for perjury stated on the application.

(2) A Federal agency seeking a criminal history record check shall first obtain the signature of the employee or prospective employee indicating that the employee or prospective employee has been notified of the employer's obligation to require a record check as a condition of employment and the employee's right to obtain a copy of the criminal history report made available to the employing Federal agency and the right to challenge the accuracy and completeness of any information contained in the report.

(e) **ENCOURAGEMENT OF VOLUNTARY CRIMINAL HISTORY CHECKS FOR OTHERS WHO MAY HAVE CONTACT WITH CHILDREN.**—Federal agencies and facilities are encouraged to submit identifying information for criminal history checks on volunteers working in any of the positions listed in subsection (a) and on adult household members in places where child care or foster care services are being provided in a home.

(1) in the second sentence of subsection (a)(1), by striking out “6 months after the date of enactment of this chapter, and no additional staff” and inserting in lieu thereof “May 29, 1991. Except as provided in subsection (b)(3), no additional staff”; and

THE ASSISTANT SECRETARY OF DEFENSE

WASHINGTON, D. C. 20301-1200

APR 28 1992

HEALTH AFFAIRS

MEMORANDUM FOR SECRETARY OF THE ARMY  
SECRETARY OF THE NAVY  
SECRETARY OF THE AIR FORCE

SUBJECT: Criminal History Background Checks on Child Health  
Care Personnel

This memorandum clarifies procedures for Department of Defense (DoD) health care personnel relative to implementation of Public Law 101-647, Section 231, "Crime Control Act," November 29, 1990, as amended by section 1094 of Public Law 102-190.

These provisions were implemented within DoD by Assistant Secretary of Defense (Force Management & Personnel) (ASD(FM&P)) memorandum, dated March 6, 1992, Subject: "Criminal History Background Checks on Employees in Child Care Services" (copy attached). The ASD(FM&P) memorandum requires Federal Bureau of Investigation (FBI) fingerprint checks and State Criminal History Repositories (SCHR) checks of residences listed on employment applications for specific existing and newly hired health care personnel. Active duty military members are excluded from the requirements of the statutory provisions and the ASD(FM&P) memorandum. As explained in the ASD(FM&P) memorandum, health care personnel are defined as:

"Those personnel involved in the delivery of health care to children under the age of 18 on a frequent and regular basis. This may include: (1) Medical and Dental Care Staff: physicians, dentists, nurse practitioners, clinical social workers, clinical psychologists, physician assistants, physical therapists, and speech pathologists. (2) Clinical Support Staff: clinical providers not granted defined clinical privileges to include residents, registered nurses licensed practical nurses, nursing assistants, play therapists, and technicians."

Two provisions of the ASD(FM&P) memorandum, when applied to the medical setting, require additional Health Affairs guidance.

1. The ASD(FM&P) memorandum states that:

"DoD components may employ an individual pending completion of successful background checks. If an individual is so employed, at all times while children are in the care of that individual, he or she must be within sight and under the supervision of an individual whose background checks have been completed, with no derogatory reports."

Processing reports can take months. It is unlikely that Congress meant to create a situation that would potentially require two physicians to examine a patient or two nurses to give one medication to a child.

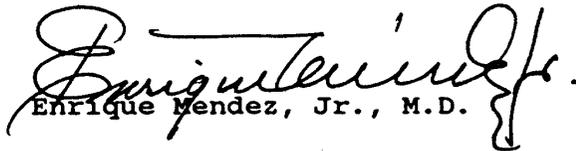

The DoD vigorously supports screening of health care workers involved in the delivery of health care to children under the age of 18 on a frequent and regular basis. Within the context of such medical care, line of sight supervision must be viewed through the prism of existing Medical Quality Assurance, Clinical Privileging, and Licensure Directives, which require pre-employment screens, enhanced surveillance of new employees and on-going monitoring of the performance of all health care providers. These programs are inherent to both quality medical care and patient safety and are adequate and equivalent mechanisms.

Therefore, pending completion of background checks, the Surgeons General shall require close clinical supervision and full compliance with existing DoD Directives, Instructions, and other guidance (issued by DoD and the Military Department concerned) on quality assurance, risk management, licensure, employee orientation, and credentials verification. These policies rely on process and judgment, and meet the intent of the "direct sight supervision" provision, affording local commanders a flexible and reasonable alternative.

2. Section 1094(b) of Public Law 102-190 provides that:

"It is the sense of Congress that each facility that provides childcare services to children under the age of 18 must modify child care facilities to the extent necessary that except for restrooms, there are no secluded areas not open to the general view of persons in such facilities."

This provision, which may be suitable for child development centers, is hortatory, not mandatory. Thus, the DoD must determine what effect to give it. Open areas in full view of the public eliminate patient privacy and, in some cases, are medically contraindicated. Thus, hospital commanders are not required to implement section 1094(b).

1402.5 (Enc1 6)CRIMINAL HISTORY BACKGROUND CHECK PROCEDURES

This enclosure establishes the procedures for conducting criminal history background checks on existing and newly hired individuals required by Pub. L. No. 101-647, Section 231 and Pub. L. No. 102-190, Section 1094 (enclosures 3 and 4). Background checks are required for all civilian providers involved in child care services who have regular contact with children. The categories of providers include current and prospective individuals hired with APF and NAFI funds for education, treatment or healthcare, child care or youth activities, and individuals employed under contract involved in the provision of child care services. In addition to the mandates of enclosure 3, the Department of Defense requires that military members (except healthcare personnel), foster or respite care providers, FCC providers and family members, and specified volunteers shall have checks specified in sections A. through J. of this enclosure, below.

A. Conducting Checks

Component designees shall notify existing and newly hired individuals and contractors of the requirement for a review of personnel and security records to include an FBI fingerprint check and SCHR checks of residences listed on employment and security applications.

1. Fingerprint Check. Law enforcement personnel shall forward completed forms through channels to the Office of Personnel Management (OPM) or Defense Investigative Service (DIS) for processing of FBI fingerprint forms.

2. State Criminal History Repository (SCHR) Check. DoD Installation-level personnel offices, in collaboration with law enforcement and security personnel, shall process State criminal history background checks for employment and shall ordinarily communicate in writing with each State identified in enclosure 8, providing full identifying information on each applicant and request confirmation that the individual has not been convicted in that State of a sex crime, an offense involving a child victim, a drug felony, or a violent crime. The DoD Component Heads may establish alternate procedures for conducting SCHR checks; e.g., a computerized, written, or telephonic check. The DoD Components are not required to wait longer than 60 days from the date of the request for a response from the SCHR personnel before taking action on a particular application. Authorities will depend on FBI fingerprint check validation if States do not respond.

3. Installation Record Checks (IRC). Consists of a local record check on an individual for a minimum of 2 years before the date of the application. This record check shall include, at a minimum, police (base and/or military police, security office, criminal investigators, or local law enforcement) local files checks, Drug and Alcohol Program, Family Housing, Medical Treatment Facility for Family Advocacy Program Service Central Registry records and mental health records, and any other record checks as appropriate to the extent permitted by law. A Service DCII may be conducted. The IRC shall be conducted by DoD Component personnel at the installation level. An IRC will be completed on individuals with a DoD affiliation such as living or working on an installation or is active duty member or family member. Individuals without DoD affiliation have no installation system of records to check and an IRC is not completed. Upon favorable completion of the IRC, an individual may be

selected and provide child care services under line of sight supervision until the required background checks are completed.

B. Applicants

1. APF Applicants

a. Except as otherwise provided in this subsection, the DoD Components shall process APF applicants using currently established procedures for completing background checks described in DoD 5400.11-R (reference (a)). APF applicants must complete a SF-171, "Application for Federal Employment," and attach a SF-87, "Fingerprint Chart," completed by a law enforcement officer; and a SF-85P, "Questionnaire for Public Trust Positions" (Annotate Block "B" with code 03), for conduct of a NACI. The package shall be forwarded to the OPM.

b. The DoD Components shall assign responsibility for conducting the criminal history background checks through the SCHR to personnel offices working with law enforcement or investigative agencies. They shall conduct checks in all States that an employee or prospective employee lists as current and former residences in an employment or security application. It is deemed unnecessary to conduct checks before 18 years of age because juvenile records are unavailable. If no response is received from the State(s) within 60 days, determinations based upon the FBI report may be made. Responses received after this determination has been made must be provided to the determining authority.

c. Under Pub. L. No. 102-190, Section 1094 (enclosure 4), the DoD Components may employ an individual pending completion of successful background checks described in Pub. L. No. 101-647, Section 231 (enclosure 3). If an individual is so employed, at all times while children are in the care of that individual, he or she must be within sight and under the supervision of an individual whose background checks have been completed, with no derogatory reports.

d. Once it is clear that no derogatory information exists, line of sight supervision is terminated by the designee. If a derogatory report exists, Component personnel procedures shall prescribe appropriate action consistent with the criteria contained in this Instruction.

2. NAFI Applicants

a. Except as otherwise provided in this subsection, the DoD Components shall process NAFI applicants following established procedures for completing background checks. NAFI applicants must complete a DD Form 398-2 "Department of Defense National Agency Questionnaire," with reason for request identified as OTHER and annotated as CHILD CARE, and FD Form 258, "FBI Applicant Fingerprint Card." Fingerprints shall be taken by the local law enforcement organization personnel and together with the DD Form 398-2 shall be forwarded to: Defense Investigative Service, Personnel Investigations Center, P.O. Box 1083, Baltimore, MD 21203-1083.

b. The DoD Components shall follow the procedures in the FPM, Chapter 731 and 736 (reference (b)) and above in subparagraph B.1.b.,c., and d. to obtain fingerprints for the FBI, conduct criminal history background checks

Jan 19, 93  
1402.5 (Encl 6)

through the SCHR, and maintain employment of individuals pending the successful completion of the background checks.

3. Foreign National Employees Overseas. Foreign national employees overseas, while not expressly included within the law, are subject to the following record checks or those equivalent in scope to checks conducted on U.S. citizens:

a. Host-government law enforcement and security agency checks at the city, State (province), and national level, whenever permissible by the laws of the host government.

b. Defense Central Investigative Index (DCII).

c. FBI checks (when information exists regarding residence by the individual in the United States for 1 year or more since age 18).

d. When permissible by the laws of the host government, host-government checks are requested directly by the employing Service or agency. As an alternative, the DoD Components may request that overseas Military Service investigative elements obtain appropriate host-government checks. Where host-nations' arrangements preclude comparable criminal history checks, foreign nationals will not be eligible for employment in child care services.

4. Temporary Employees. This category includes summer hires, student interns, and NAFI flexible category employees. Background checks for these individuals are processed according to funding source; i.e., for APF employees (to OPM) or NAFI employees (to DIS). Installation designated points of contact shall notify applicants of report disposition.

5. Healthcare Personnel. This category includes civilian personnel involved in the delivery of healthcare (enclosure 5). Within the context of such medical care, line of sight supervision must be viewed through the prism of existing medical quality assurance, clinical privileging, and licensure directives, which require preemployment screens, enhanced surveillance of new employees, and on going monitoring of the performance of all healthcare providers. These programs are inherent to both quality medical care and patient safety and are adequate and equivalent mechanisms for the sight and supervision requirements in paragraphs B.1.c. and d. of this enclosure, above. It should be noted that these quality assurance programs are not sufficient in and of themselves under Pub. L. No. 101-647, Section 231 (enclosure 3). Therefore, the required FBI fingerprint check and the SCHR check must be completed as expeditiously as possible.

C. Current Employees. All currently employed individuals covered by this Instruction shall have the FBI fingerprint and criminal history background check as described in Pub. L. No. 101-647, Section 231 (enclosure 3). If the results of such checks, to include the SCHR, cannot be confirmed through an examination of available local records, action shall be initiated in accordance with subsection B.1., above, for APF employees and subsection B.2., above, for NAFI employees, and with section D., below, for individuals employed under contract. The SCHR checks are conducted in all cases in accordance with

subsection A.2., above. For the purposes of this Instruction, no IRC is required for individuals employed before June 1991.

D. Government Contract Employees

1. Sponsoring activities are responsible for ensuring that the requirements in this Instruction are included in the statement of work for all child care programs to be contracted. The contracting officer is responsible for performing an action necessary to verify that services provided by the contractor conform to contract quality requirements. Component designees for requiring activities shall ensure that the statement of work, at a minimum:

a. States that the contractor must ensure its employees have proper criminal history background checks as outlined in this Instruction.

b. States that actual checks are performed by the Government.

c. Includes procedures that the contractor must follow to obtain checks for its employees; for example, identify the office where employees report for processing, identify proper forms to be completed, etc. Also, identify the DoD Component for billing purposes, and identify the appropriate security point of contact or installation commander as the authorized recipient of background check results.

d. States that employees may be permitted to work before completion of background checks, provided the employee is within sight of an individual who has successfully completed a background check.

e. States that employees have the right to obtain a copy of the background check report, whom they should contact for the copy and whom to contact for procedures to challenge the accuracy and completeness of the information in the report.

f. Requires that contractor employees who have previously received a background check must provide proof of the check or obtain a new one.

2. Requirements for child care services must be submitted to the contracting officer sufficiently in advance of the required performance start date to provide time for obtaining background checks. Sponsoring activities' designees shall coordinate with the contracting officer as soon as possible after a requirement for child care services becomes known.

3. Procedures for obtaining responses for background checks are the same as those for NAFI employees and response to derogatory information will occur through the appropriate designee and contractor. An IRC will be performed if the individual is a military member or family member, or has worked or lived on a military installation within 5 years.

E. Other Providers. Criminal history background checks with the FBI and the States are not required. Duplication of previous background checks are not required for personnel where official records demonstrate that an adequate check has already been conducted. This category includes the following:

Jan 19, 93  
1402.5 (Encl 6)

1. Military Members. These are active duty individuals (other than healthcare personnel) who seek to provide child care services as part of a normal duty assignment or are involved during off-duty hours. For these members an IRC and a current security clearance meet the requirements of this Instruction. In the absence of a current security clearance, a name check of the DCII must be conducted. When military members are employed in an APF or a NAFI position they will abide by background check requirements listed in subsections B.1. and B.2., above.

2. Foster and Respite Care Providers and Family Members. These are individuals who seek to provide foster care or respite child care within Government-owned or -leased quarters. The care provider; all other adults, and each child, age 12 and older, residing within the applicant's household must receive an IRC. In addition, the Component designee must also obtain a name check of the DCII on all adults.

3. FCC Providers and Family Members. These are individuals who seek licensing to provide child care within government-owned or -leased quarters. The care provider, all other adults, and each child, age 12 and older, residing within the applicant's household receive an IRC. In addition, the Component designee must obtain a name check of the DCII on all adults.

4. Specified Volunteers. Installation commanders shall designate those positions that are determined to be "specified." Individuals working in specified volunteer positions will have an IRC check because of the nature of their work in child care services. The opportunity for contact may be extensive, frequent, or over a period of time. They include, but are not limited to, positions involving extensive interaction alone, extended travel, and/or overnight activities with children. An IRC is required for volunteers who are active-duty, a family member, or a DoD civilian overseas. A volunteer is allowed to work upon completion of a favorable IRC. Background checks are not required for volunteers whose services will be of shorter duration than is required to perform the background checks and who are under line of sight supervision by an individual who has successfully completed a background check. The Components are required to provide additional implementing guidance.

F. Employment Application Requirement. Pub. L. No. 101-647, Section 231 (enclosure 3) requires that each application for employment shall include a question asking whether the individual has ever been arrested for or charged with a crime involving a child, and, if so, requires a description of the disposition of the arrest or charge. The forms identified above in paragraphs B.1.a. and B.2.a. are signed by the applicant under penalty of perjury, with the applicable Federal punishment for perjury stated on the respective forms.

1. An applicant's signature indicates an understanding of the employer's obligation to require a record check as a condition of employment. Information on background checks shall be maintained in accordance with applicable Component implementing regulations.

2. Payment for the conduct of any criminal history background check is the responsibility of the requesting Service or agency.

3. The results of the background check are forwarded to the Component designee at the sending installation for appropriate action. A derogatory

report would include, but not be limited to, the following applicable crimes: any charge or conviction for a sex crime, an offense involving a child victim, a substance abuse felony, or a violent crime.

4. The hiring authority or designee is responsible for notifying the individual of a derogatory report. The individual may obtain a copy of the criminal history report and has the right to challenge the accuracy and completeness of any information contained in the report through the Privacy Program described in DoD 5400.11-R (reference (a)). The individual may provide information concerning positive mitigating factors for any adverse information presented.

5. Employees whose criminal history background checks result in nonselection for employment or service shall be informed by the Component designee of the right to an administrative appeal under reference (a)). Under that Regulation, the individual may appeal with a specific request such as amendments to the records or request to file statement disagreeing with information in the record. If the employee's request for record information is refused, the individual is informed of his or her right to an administrative appeal. As appropriate, Component designees shall inform individuals of other avenues available to resolve matters of concern such as an administrative or negotiated grievance procedures. If the employee remains dissatisfied, he or she may seek a review. The Department of Defense recognizes the privacy interests and rights of all applicants and employees, and its own responsibility in ensuring a safe and secure environment for children within DoD activities or private organizations on DoD installations.

G. Record Re-Verification. This procedure consists of an IRC and a DCII name check and is required by the Component designee at a minimum every 5 years for all employees providing child care services and covers the time period since the completion of the last background check. NAFI employees who change duty stations will complete a new investigation when considered for employment. A new investigation is required by the Department of Defense if a break in service results in a time-lapse of more than 2 years. FCC, foster care and respite care providers, and their family members will complete an IRC annually.

H. Supervision. Refers to temporary responsibility for children in child care services, and relates to oversight for temporary or permanent authority to exercise direction and control by an individual over an individual whose required background checks have been initiated but not completed. Use of video equipment is acceptable provided it is monitored by an individual who has successfully completed a background check. Supervision procedures pending completion of background checks for healthcare personnel suggest that the Surgeons General shall require close clinical supervision and full compliance with existing DoD Directives, Instructions, and other guidance (issued by the Department of Defense and the Military Department concerned) on quality assurance, risk management, licensure, employee orientation, and credentials certification. These policies rely on process and judgment, and meet the intent of the "direct sight supervision" provision, affording local commanders a flexible and reasonable alternative.

I. Programs. Requirements cover all DoD-operated activities and private organizations on DoD installations and include, but are not limited to:

Jan 19, 93

7. Volunteer activities.

J. Background Check Matrix. This identifies the requirements of this Instruction for background checks by category of personnel. These checks are initiated through the personnel offices in collaboration with law enforcement and security personnel. (Reminder: An IRC may only be completed on an individual who is a military member or family member, or who lives or works on a military installation.)

1. APF. FBI, SCHR, and IRC. (SF-171, SF-87, and SF-85P)

CRITERIA FOR CRIMINAL HISTORY BACKGROUND CHECK DISQUALIFICATION

The ultimate decision to determine how to use information obtained from the criminal history background checks in selection for positions involving the care, treatment, supervision, or education of children must incorporate a common sense decision based upon all known facts. Adverse information is evaluated by the DoD Component Head or designee who is qualified at the appropriate level of command in interpreting criminal history background checks. All information of record both favorable and unfavorable will be assessed in terms of its relevance, recentness, and seriousness. Likewise, positive mitigating factors should be considered. Final suitability decisions shall be made by that commander or designee. Criteria that will result in disqualification of an applicant require careful screening of the data and include, but are not limited to, the following:

A. Mandatory Disqualifying Criteria

Any conviction for a sexual offense, a drug felony, a violent crime, or a criminal offense involving a child or children.

B. Discretionary Criteria

1. Acts that may tend to indicate poor judgment, unreliability, or untrustworthiness in working with children.
2. Any behavior; illness; or mental, physical, or emotional condition that in the opinion of a competent medical authority may cause a defect in judgment or reliability.
3. Offenses involving assault, battery, or other abuse of a victim, regardless of age of the victim.
4. Evidence or documentation of substance abuse dependency.
5. Illegal or improper use, possession, or addiction to any controlled or psychoactive substances, narcotic, cannabis, or other dangerous drug.
6. Sexual acts, conduct, or behavior that, because of the circumstances in which they occur, may indicate untrustworthiness, unreliability, lack of judgment, or irresponsibility in working with children.
7. A wide range of offenses such as arson, homicide, robbery, fraud, or any offense involving possession or use of a firearm.
8. Evidence that the individual is a fugitive from justice.
9. Evidence that the individual is an illegal alien who is not entitled to accept gainful employment for a position.
10. A finding of negligence in a mishap causing death or serious injury to a child or dependent person entrusted to their care.

### C. Suitability Considerations

In making a determination of suitability, the evaluator shall consider the following additional factors to the extent that these examples are considered pertinent to the individual case:

1. The kind of position for which the individual is applying or employed.
2. The nature and seriousness of the conduct.
3. The recentness of the conduct.
4. The age of the individual at the time of the conduct.
5. The circumstances surrounding the conduct.
6. Contributing social or environmental conditions.
7. The absence or presence of rehabilitation or efforts toward rehabilitation.
8. The nexus of the arrests in regard to the job to be performed.

### D. Questions

1. All applications, for each of the categories of individuals identified in enclosure 2, will include the following questions: "Have you ever been arrested for or charged with a crime involving a child? Have you ever been asked to resign because of or been decertified for a sexual offense?" And, if so, "provide a description of the case disposition." For FCC, foster care, and respite care providers, this question is asked of the applicant regarding all adults, and all children 12 years and older, who reside in the household.

2. All applications shall state that the form is being signed under penalty of perjury. In addition, a false statement rendered by an employee may result in adverse action up to and including removal from Federal service.

3. Evaluation of criminal history background checks is made and monitored by qualified personnel at the appropriate level designated by the Component. Final suitability decisions are made by the designee.
